1 Foreword

YD/T 4483-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 April 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the source specification parameters of online video content based on public telecommunications networks. This standard involves video content sources for live broadcast, on-demand, and other video services based on network transmission. This standard applies to video services transmitted based on public telecommunications networks, including IPTV, TV screen OTT video, mobile phone video, etc.
