1 Foreword

YD/T 4514-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 April 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements and test methods for mobile smart terminals to support video ring-back tone services, including terminal functional requirements, business function requirements, human-machine interface requirements, etc. required to support the development of video ring-back tone services, as well as test methods for testing the above requirements.. This standard is applicable to the research and development, testing and certification of video ringback tone services for mobile intelligent terminals that support IMS-based voice and video solutions. Other terminals can also be used as a reference.

YD/T 4514-2023 falls under ICS 33.060, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
