1 Foreword

YD/T 4543-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 April 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the indicator requirements and evaluation methods for mobile application online reinforcement service systems. This standard applies to the evaluation and acceptance of online reinforcement service systems for Android operating system mobile applications. This standard is mainly applicable to the Android operating system, other systems are for reference only, and it is a real deployment environment, not a test environment.

YD/T 4543-2023 falls under ICS 33.160.60, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
