1 Foreword

YD/T 4573-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 April 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard stipulates the definition and classification of harmful information on the Internet, the architectural requirements, functional requirements, technical requirements and information processing process requirements of the harmful information management and control system. This standard is applicable to usage scenarios such as R&D, design, operation and maintenance of access to the open platform of bad information management and control systems.

YD/T 4573-2023 falls under ICS 35.240, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
