1 Foreword

YD/T 4575-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 April 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the hardware security requirements, system security requirements, application layer security requirements, communication connection security requirements, data security requirements, personal information security, etc. of IPTV smart set-top boxes. This standard applies to IPTV smart set-top boxes and can guide the design, development and selection of IPTV smart set-top boxes. Other smart set-top boxes can be used as a reference.

YD/T 4575-2023 falls under ICS 33.040.50, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
