1 Foreword

YD/T 4589-2023 was issued by Ministry of Industry and Information Technology on 20 December 2023 and has been in force since 1 April 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical architecture, functional requirements and interface specifications for network security knowledge acquisition. This standard applies to the design and development of network security knowledge acquisition systems and modules for network shooting ranges.

YD/T 4589-2023 is filed under Chinese Standard Classification L70, in the field of electronic components and information technology.
