1 Foreword

YD/T 4702-2024 was issued by Ministry of Industry and Information Technology on 29 March 2024 and has been in force since 1 July 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements for access to the simulation platform of the rail transit integrated monitoring system for cyberspace security simulation, including functional access requirements, access interaction requirements and access security requirements. This standard applies to the design, development and construction of the simulation platform of the rail transit integrated monitoring system by the competent departments, security management personnel, network security enterprises and scientific research institutions of the rail transit integrated monitoring system.

YD/T 4702-2024 falls under ICS 35.03, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:

YD/T 3746-2020 - Specification of internet of vehicle information service - User personal information protection

GB/T 28826.2-2020 - Information technology-Common biometric exchange formats framework-Part 2:Procedures for the operation of the biometric registration authority

GB/T 31071-2014 - General science and technology infrastructure-Principles and methods for conformance testing

YD/T 4695-2024 - 5G network operation security risks and protection requirements

YD/T 4694-2024 - 5G Standalone (SA) Core Network Security Protection

YD/T 4692-2024 - Privacy computing federated learning product performance requirements and testing methods

5 Classification and status

International classification (ICS): 35.03

Chinese Standard Classification (CCS): L 70

Prefix YD/T: recommended standard.
