1 Foreword

YD/T 4709-2024 was issued by Ministry of Industry and Information Technology on 29 March 2024 and has been in force since 1 July 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the security technical requirements for distance learning services based on public telecommunications networks, including security technical requirements for mobile applications, website access, live broadcast and real-time interaction, teaching resources, personal information, cross-platform business interaction and interface, and infrastructure. This standard is applicable to guiding network distance learning service providers to carry out network and information security assurance work.

YD/T 4709-2024 falls under ICS 33.04, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
