1 Foreword

YD/T 4710-2024 was issued by Ministry of Industry and Information Technology on 29 March 2024 and has been in force since 1 July 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the general technical requirements for cloud game security, including cloud game security architecture, infrastructure security, network security, cloud platform security, application security, client APP security, content security, data security, and operation and maintenance management security. This standard applies to cloud game developers, operators, distributors, etc. for cloud game security design and assessment.

YD/T 4710-2024 falls under ICS 33.020, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
