1 Foreword

YD/T 4888-2024 was issued by Ministry of Industry and Information Technology on 5 July 2024 and has been in force since 1 October 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the architecture, functional requirements, key network element functional requirements, performance requirements, business processes, and interface requirements of the application platform for mobile video surveillance services in telecommunications networks. This standard is applicable to the design and operation of domestic telecommunications network video surveillance services.

YD/T 4888-2024 falls under ICS 33.040.40, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
