1 Foreword

YD/T 4895-2024 was issued by Ministry of Industry and Information Technology on 5 July 2024 and has been in force since 1 October 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the system architecture, platform functions, platform interfaces, and security requirements of the smart hospital Internet of Things communication management platform. This standard applies to the development and design of platforms, applications, equipment, security, etc. of smart hospital system products based on the Internet of Things.

YD/T 4895-2024 falls under ICS 35.240.99, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)
