1 Foreword

YD/T 4907-2024 was issued by Ministry of Industry and Information Technology on 5 July 2024 and has been in force since 1 October 2024.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the general terms and definitions related to user experience, industry composition, game type, game content, billing method, operation promotion and operation indicators related to mobile Internet games in the mobile Internet environment. This standard applies to games running on mobile terminals, including access methods such as mobile communication networks and fixed communication networks with wireless access. This standard is not suitable for arcade games based on large game consoles, console games based on home game consoles, and computer games mainly based on PCs.

YD/T 4907-2024 falls under ICS 35.020, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
