1 Foreword

YD/T 4981-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 April 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the basic principles, processes and considerations for industrial data processors to carry out the identification of important data in the industrial field. This standard applies to industrial data processors to carry out the identification of important data in the industrial field, and can also provide reference for industry regulatory departments to formulate important data catalogs in the industrial field.

YD/T 4981-2024 falls under ICS 35.030, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
