1 Foreword

YD/T 5116-2005 was issued by Ministry of Industry and Information Technology on 25 July 2006 and has been in force since 1 October 2006.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 12 pages in English translation.

2 Scope Preview

This standard applies to digital mobile communication network short message center engineering design, other telecommunications network engineering for implementation.

YD/T 5116-2005 falls under ICS 33.020, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 12 pages (approximate)

4 Related standards

Standards on related subjects:

GB 30485-2013 - Standard for pollution control on co-processing of solid wastes in cement kiln

GB 50949-2013 - Construction code for sound reinforcement system

GB 50313-2013 - Code for design of fire communication and command system

YD/T 5123-2021 - Specification for construction supervision of communication line engineering

YD/T 5113-2018 - Design Specifications for Network Management System of WDM Optical Fiber Transmission System Engineering

5 Classification and status

International classification (ICS): 33.020

Chinese Standard Classification (CCS): P 76

Prefix YD/T: recommended standard.
