1 Foreword

YD/T 6017.3-2024 was issued by Ministry of Industry and Information Technology on 24 October 2024 and has been in force since 1 February 2025.

It is one of 6 parts of the YD/T 6017 series.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the evaluation method of the network security product capability evaluation system. This standard is applicable to guiding network security product developers to design and develop products, users to select and judge products, and third-party evaluators to evaluate product maturity and product quality.

YD/T 6017.3-2024 falls under ICS 35.030, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)
