1 Foreword

YD/T 6026-2024 was issued by Ministry of Industry and Information Technology on 24 October 2024 and has been in force since 1 February 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the characteristics and identification methods of vulnerable groups in short video communities, including static risk feature identification and scene-based dynamic behavior feature identification, as well as risk warnings after identification in typical scenarios. This standard is applicable to short video communities for reference when identifying vulnerable groups based on different business scenarios and characteristics and issuing warnings.

YD/T 6026-2024 falls under ICS 35.020, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
