1 Foreword

YD/T 6027-2024 was issued by Ministry of Industry and Information Technology on 24 October 2024 and has been in force since 1 February 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the requirements and procedures for the acceptance and disposal of user reports on telecommunications network fraud, categorizes and clarifies the reporting fields of fraud-related resources, and makes requirements for the relief channels for disposed resources. This standard is applicable to guiding telecommunications business operators, Internet service providers and other enterprises to establish a telecommunications network fraud reporting acceptance and disposal mechanism.

YD/T 6027-2024 falls under ICS 33.030, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
