1 Foreword

YD/T 6076-2024 was issued by Ministry of Industry and Information Technology on 24 October 2024 and has been in force since 1 February 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the application scenarios, technical reference models, functional requirements, performance requirements, interoperability requirements and security requirements of the Internet and private network service interface control platform in IP networks. This standard applies to the design, development, operation, maintenance and use of IP network Internet and proprietary network service interface control platform.

YD/T 6076-2024 falls under ICS 33.040.40, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
