1 Foreword

YD/T 6086.2-2025 was issued by Ministry of Industry and Information Technology on 2 July 2025 and has been in force since 1 November 2025.

It is one of 3 parts of the YD/T 6086 series.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies the terms and definitions, abbreviations, and technical requirements for 4 x 200Gb/s 800Gb/s intensity modulation pluggable optical transceiver modules. It also specifies the photoelectric characteristics, appearance, software, and environmental compliance of the optical modules, describes the corresponding test methods, and specifies inspection rules, marking, packaging, transportation, and storage. This standard applies to the design, development, production, and inspection of 4 x 200Gb/s 800Gb/s intensity modulation pluggable optical transceiver modules using single-mode fiber.

YD/T 6086.2-2025 falls under ICS 33.180.01, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.

3 About this standard

Sector: Telecommunication Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology

English translation: about 15 pages (approximate)

4 Related standards

Other parts of this standard:

YD/T 6086.1-2024 - 800Gb/s intensity modulation pluggable optical transceiver module - Part 1: 8x100Gb/s

YD/T 6086.3-2025 - 800Gb/s Intensity modulation pluggable transceiver module - Part 3: 2x400Gb/s CWDM4

Standards on related subjects:

YD/T 2554.1-2013 - Plastic optical fiber connector - Part 1: Type LC

GB/T 9771.1-2008 - Single-mode optical fibres for telecommunication -- Part 1: Characteristics of a dispersion unshifted single-mode optical fibre

GB/T 18480-2001 - Specification for submarine optical fiber cables

YD/T 6087.1-2024 - Optical circuit board components for communication - Part 1: Fiber-optic type

5 Classification and status

International classification (ICS): 33.180.01

Chinese Standard Classification (CCS): M 33

Prefix YD/T: recommended standard.
