1 Foreword

YD/T 6147-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 April 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the architecture, functional requirements, interface requirements and security requirements for mobile smart terminal supplementary device identification. This standard applies to the development of mobile smart terminals of various formats, and other terminals can also be used as a reference.
