1 Foreword

YD/T 6171-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 April 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements for the filing of domain name registration information, provides basic guarantees to ensure the comprehensiveness, accuracy and timeliness of registration information, and puts forward corresponding requirements for the security protection and compliance use of the filed information. This standard applies to the evaluation of the construction level of the domain name registration information filing system.

YD/T 6171-2024 falls under ICS 33.040.40, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
