1 Foreword

YD/T 6191-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 April 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the factors that affect the quality of experience (QoE) of cloud gaming users, and provides a comprehensive evaluation model and evaluation method for the quality of experience (QoE) of cloud gaming users in different scenarios. This standard applies to the evaluation of the quality of experience (QoE) of mobile Internet cloud gaming users, and provides evaluation methods and analysis references for cloud gaming platform operations and experience assurance.
