1 Foreword

YD/T 6284-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 April 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the network security management capabilities and technical requirements for the design, production, deployment and maintenance of intelligent medical devices in four dimensions. This standard is applicable to manufacturers of intelligent medical devices to establish standardized and complete product network security protection capabilities, and can also serve as a basis for supervision and inspection by network security authorities.

YD/T 6284-2024 falls under ICS 35.020, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
