1 Foreword

YD/T 6294-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 April 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the test method for the interconnection interface of the business support system between mobile resale enterprises and basic telecommunications enterprises during the development of mobile resale business. This standard is applicable to the on-site system interconnection interface test after the business support systems of different mobile resale enterprises and basic telecommunications enterprises are put into operation.
