1 Foreword

YD/T 6302-2024 was issued by Ministry of Industry and Information Technology on 10 December 2024 and has been in force since 1 April 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements for the virus and malicious address blacklist information sharing interface, and defines the interface process and message reporting format of the corresponding platform-related interface. This standard applies to the sharing and disposal of virus and malicious address blacklist samples.

YD/T 6302-2024 is filed under Chinese Standard Classification M21, in the field of telecommunications and broadcasting.
