1 Foreword

YD/T 6479-2025 was issued by Ministry of Industry and Information Technology on 2 July 2025 and has been in force since 1 November 2025.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements for wireless network configuration of home security monitoring equipment, including the wireless network configuration architecture, configuration methods, interfaces and protocols, as well as the functional requirements for network configuration implementation in home security monitoring equipment, configurators, and platforms. This document is applicable to guiding the functional design and development of home security monitoring equipment involving network configuration implementation.

YD/T 6479-2025 falls under ICS 33.040.40, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
