1 Foreword

YD/T 6561-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 April 2026.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the composition, coding structure, coding rules for each part, and corresponding code tables of the industrial internet identification coding system for the cable industry. This standard applies to the construction of the industrial internet identification coding system for the cable industry and the processing and exchange of cable finished product information.

YD/T 6561-2025 falls under ICS 35.040, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
