1 Foreword

YD/T 6612-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 April 2026.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the evaluation methods for the security testing of voice interaction on mobile smart terminals. This standard applies to the development and evaluation of voice interaction systems and software running on mobile smart terminals. Some clauses are not applicable to special industries or professional applications; other terminals may also refer to this standard.

YD/T 6612-2025 falls under ICS 33.060, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
