1 Foreword

YD/T 6615-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 April 2026.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the overall technical requirements for implementing BeiDou SMS functionality on consumer communication terminals supporting BeiDou short messages, based on mobile short message networks and the BeiDou-3 short message network. This standard applies to scenarios where operator users use BeiDou SMS for sending and receiving, and is applicable to both cellular network services and emergency scenarios without cellular network signal coverage.

YD/T 6615-2025 falls under ICS 33.040.01, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
