1 Foreword

YD/T 6617-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 April 2026.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the rules, procedures, and methods for data classification and important data identification in vehicle networking platforms. This standard applies to data processors of vehicle networking platforms conducting important data identification work. This standard does not apply to data processing activities involving military, government, or state secrets.

YD/T 6617-2025 falls under ICS 35.030, in the field of information technology.

This catalogue holds 725 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
