1 Foreword

YD/T 6619-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 April 2026.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the requirements for the perception, operability, understandability, compatibility, and security of 5G messaging services for the elderly. This standard applies to 5G messaging platforms and chatbot applications that support age-appropriate features for 5G messaging services. It is applicable to the design, development, and testing of age-appropriate features for 5G messaging, and also to the supervision, management, and evaluation of age-appropriate 5G messaging.

YD/T 6619-2025 falls under ICS 33.030, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
