1 Foreword

YD/T 6626-2025 was issued by Ministry of Industry and Information Technology on 17 December 2025 and has been in force since 1 April 2026.

The YD/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the technical requirements and testing methods for the billing performance of 5G messaging service billing systems, as well as testing requirements, test instrument requirements, and test items. This standard applies to 5G messaging services billed per message for individual users, including point-to-point messages, mass messages, point-to-application messages, and group chat messages.

YD/T 6626-2025 falls under ICS 33.040.01, in the field of telecommunications.

This catalogue holds 3,420 other YD/T standards in that field.

In this catalogue, YD/T standards carry edition years from 1982 to 2026.
