1 Foreword

YDN 127-2005 was issued by Ministry of Industry and Information Technology on 28 April 2005.

It has been in force since 1 October 2005.

The document runs to 9 pages in English translation.

2 Scope Preview

This standard applies to the power grid, battery-powered or powered by the remote telecommunications network equipment. This standard is intended to reduce the risk due to operational staff and non-professionals may come into contact with the device against fire, electric shock or other injury. When specified, also applies to maintenance personnel.

YDN 127-2005 falls under ICS 33.040.01, in the field of telecommunications.

This catalogue holds 2 other YDN standards in that field.
