1 Foreword

YJ/T 1.1-2022 was issued by Ministry of Information Industry of the People's Republic of China on 19 September 2022 and has been in force since 18 December 2022.

It is one of 6 parts of the YJ/T 1 series.

The YJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard stipulates the basic principles, classification and grading, basic capabilities and construction requirements, ability assessment and other content of social emergency force construction. This standard applies to the construction of social emergency rescue teams that accept the guidance and management of relevant government departments, group organizations, enterprises and institutions, and volunteer to participate in disaster prevention, reduction and relief activities.
