1 Foreword

YJ/T 27-2024 was issued by Ministry of Information Industry of the People's Republic of China on 29 February 2024 and has been in force since 1 June 2024.

The YJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the principles, contents and systems for the construction of emergency command and communication support capabilities, specifies the requirements for communication networks, technical means, support force construction, equipment construction and reserves, and related system construction, and describes the contents and methods for the assessment of emergency command and communication support capabilities. This document applies to the construction of emergency command and
