1 Foreword

YJ/T 38-2025 was issued by Ministry of Emergency Management on 15 October 2025 and has been in force since 30 April 2026.

The YJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 7 pages in English translation.

2 Scope Preview

This standard specifies the construction principles, overall architecture, construction requirements, acceptance, and operation and maintenance requirements for a dedicated digital ultra-shortwave communication network for forest and grassland fire fighting. This standard applies to the construction of a dedicated digital ultra-shortwave communication network for emergency communication in forest and grassland fire sites.
