1 Foreword

YJ/T 5-2013 was issued by Ministry of Information Industry of the People's Republic of China on 22 July 2013 and has been in force since 1 November 2013.

The YJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the structure, hierarchy and standardization objects of the professional standard system for earthquake emergency rescue. This standard applies to the planning, planning, project approval and compilation of professional standards for earthquake emergency rescue.

YJ/T 5-2013 falls under ICS 91.120.25, in the field of construction materials and building.
