1 Foreword

YJ/T 8-2016 was issued by Ministry of Information Industry of the People's Republic of China on 14 March 2016 and has been in force since 1 October 2016.

The YJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard stipulates the general principles for the training of earthquake disaster emergency rescue teams, the basic knowledge and basic skills for the training of all rescue team members, the search and rescue professional knowledge and search and rescue professional skills for search and rescue team members, and the management knowledge and management skills for management personnel training. This standard applies to the training of earthquake disaster emergency rescue team members, the preparation of
