What this standard covers

This standard specifies the technical requirements, test methods, inspection rules, marking, packaging, transportation, storage, accompanying documents and order form content of crystallized hafnium. This standard is applicable to the preparation of crystalline hafnium for high-purity hafnium, optical or integrated circuit coating materials, corrosion-resistant equipment for the metallurgical industry, plasma cutting materials, and high-temperature-resistant alloys.

Document data

International classification (ICS): 77.120.99.

Chinese classification (CCS): H63.

Estimated length of the Chinese original: 8,891 words.
