What this standard covers

This standard specifies the classification, technical requirements, test methods, inspection rules, marking, packaging, transportation, storage, and accompanying documents and order form contents for high-grade cobalt matte. This standard applies to high-grade cobalt matte produced from cobalt-containing raw materials such as white alloys, cobalt sulfide concentrates, cobalt salts, and cobalt-containing recycled materials through pyrometallurgical processes.

Document data

International classification (ICS): 77.150.70.

Chinese classification (CCS): H62.

Estimated length of the Chinese original: 12,141 words.
