Foreword

YS/T 1866-2026 is a recommended industry standard of the People's Republic of China in the Nonferrous Metals sector, approved and issued by the Ministry of Industry and Information Technology on 15 April 2026, with effect from 1 November 2026.

Classification: ICS 77.150.60; CCS H62.

1 Scope

YS/T 1866-2026 specifies the classification and marking, technical requirements, test methods, inspection rules, marking, packaging, transport, storage, accompanying documents and order content for zinc alloy roof tiles. It applies to zinc tile products used to cover and decorate the roofs of buildings.

It is used by manufacturers of zinc alloy roofing, by building designers, contractors and distributors who select and buy it, and by laboratories that test it. As a YS/T standard it is voluntary. It was approved by the Ministry of Industry and Information Technology, issued on 15 April 2026 and takes effect on 1 November 2026. It is a new standard.
