1 Foreword

YS/T 5407-2022 was issued by Ministry of Industry and Information Technology on 8 April 2022 and has been in force since 1 October 2022.

The YS/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard applies to the construction of building floors and floors in new construction, renovation (expansion) construction projects in the non-ferrous metal industry.

YS/T 5407-2022 falls under ICS 91.060.30, in the field of construction materials and building.

This catalogue holds 2 other YS/T standards in that field.

In this catalogue, YS/T standards carry edition years from 1985 to 2026.

3 About this standard

Sector: Nonferrous Metallurgy Industry Standard (Recommended)
