What this standard covers

This standard specifies the classification and marking, technical requirements, test methods, inspection rules, marking, packaging, transportation, storage, and accompanying documents and order form contents for iridium tubes. This standard applies to seamless iridium tubes in the refractory fiber industry and high-temperature crystal growth field.

Document data

International classification (ICS): 77.150.99.

Chinese classification (CCS): H68.

Supersedes the earlier edition YS/T 790-2012.
